## Sierra Conference Center

Department Contact: James King ~ ext. 2836 ~ [events@cerritoscenter.com](mailto:events@cerritoscenter.com)

The **Sierra Conference Center** at the **Cerritos Center for the Performing Arts** features a technologically advanced grid of tracks and moveable partitions, which can divide the 5,100-square-foot space from one large open room to five smaller meeting places. A hidden retractable seating unit can be opened into part of the room creating the Sierra Room Theater, perfect for fashion shows, guest speakers and presentations. Additional amenities available include a state-of-the-art sound system, lighting and a dance floor for parties and wedding receptions.

All Sierra equipment and technical labor requests must be confirmed 30 days prior to event load in. All of the following CCPA Sierra Room equipment is subject to availability. All Sierra packages include standard rates not to exceed (12) hours per one day use. For more information, please contact the Special Events Rental Office at (562) 916-8510, or the Technical Services Office at 562/ 916-8520 x 2836.

## Sierra Nights Configurations

---

Sierra Nights is a series of shows that are done in the Sierra Conference Center each year as a part of the CCPA season. These layouts are design specific and have fixed locations. They can be made available to clients looking for a performance type set-up, if the schedule will allow. Additional labor and equipment costs would be involved so please discuss the options with the Events staff. Be aware that all Sierra Nights set-ups block access to the restrooms in the room and severely limit the usefulness of the kitchen area.

### Sierra Studio Theatre

---

**Seating Capacity:** 160

**Seating Style:** Raked seating stepping up from floor level

**Stage:**

- 24' x 24' x 2" stage with risers laying on carpet
- A raised stage is available but changes to the wings would be needed to accommodate steps and would limit stage entrances
- Black curtains on 3 sides
- Black main curtain available with advance notice
- Stage entrance US and DS left and right
- Stairs to house: Not needed
- Audio and Lighting positions in booth at top of audience riser

### Sierra Nights Cabaret

---

**Seating Capacity:** 242

**Seating Style:** 40~ 32" tables with 6 chairs each; Flat floor

**Stage:**

- 36' w x 16' d x 32" h stage made up of Wenger Versalite risers w/ masking
- Wings: 8' x 8' section at stage level on ea side with an additional 6' down 4 steps at floor level
- Black curtains along US stage edge, side tabs left and right.
- Stage entrance US and DS left and right
- Stairs to House: Available on stage left or right; Some seat kills may be necessary
- FOH Audio position in back of room house right at floor level or in Booth.
- Lighting in booth

### Sierra Nights Theater

---

**Seating Capacity:** 330

**Seating Style:** 11 rows of 30 seats on a flat floor;  
12<sup>th</sup> row available on sides only (depending on FOH audio position)

**Stage:**

- 36' w x 16' d x 32" h stage made up of Wenger Versalite risers w/ masking
- Wings: 8' x 8' section at stage level on ea side with an additional 6' down 4 steps at floor level
- Black curtains along US stage edge, side tabs left and right.
- Stage entrance US and DS left and right
- Stairs to House: Available on stage left or right; Some seat kills may be necessary
- FOH Audio position in back of room house right at floor level or in Booth
- Lighting in booth
